Although the name implies it is for walls, Ariva 6mil wall graphic can be used anywhere! The ultra-removable adhesive allows for clean removal from most surfaces including: paper, painted walls, floors, metal, wood & synthetic material. Unlike other removable products, this will NOT become permanent over time. Perfect for small-run product labels or wall advertising, 6mil wall graphic can be used in place of magnets and will provide a better return on investment.

Glassmate is the companion to 6mil Wall Graphic but can be used on glass - inside or outside. Window decals produced using Glassmate will remain affixed for as long as is required but can be easily removed without leaving residue. Glassmate can be applied wet or dry and, believe it or not, the film can be washed & reapplied without failing. Expect 5 years from Glassmate when applied to interior windors and 1 year when applied to exterior windows.
