## PRESSURE SENSITIVE

### Fusion Digital Name Badge

High-quality name badges made easy! The satin acetate top is coated for digital imaging, with a removable adhesive made specifically for apparel. Of course, nametags should never be affixed to suede, leather or silk.

- 92LB Polycoated Layflat Liner

PRODUCT SKU	SIZE	GSM	CALIPER	SHTS/CTN
F4NBH121WHD0PWI	12 x 18	292	12.9MIL	250

### WOVEN FABRIC REPOSITIONABLE

A special top-coated, woven polyester face stock delivers excellent image fidelity and colour brilliance. The adhesive sticks to virtually any surface and is repositionable, so it can be moved again and again.

- 92LB Polycoated Layflat Liner

### FUSION EXTREME PERMANENT™

Super durable and highly conformable, this smooth, urethane-coated face stock is water-, tear- and solvent-resistant. It's ideal for labels that will be exposed to the toughest conditions. Once applied (at temperatures 20°F or higher) it can withstand temperatures from -320°F to 340°F without adhesion distortion or failure.

- No Split Liner

### ARIVA SYNTHETIC SHEETS POWERED BY MGX

All members of the Ariva Digital Synthetic family are powered by the technology of Masterpiece Graphix, a leader in digital-printing-optimized coatings and treatments, and are cross-platform compatible. They are suitable for Xerox iGen, Konica Minolta Bizhub and Canon ImagePress equipment capable of printing at least 80 pages per minute right out of the box.

### WALL GRAPHIC WHITE VINYL 6 MIL

Don't let the name fool you—Ariva 6 mil wall graphic can be used anywhere! The ultra-removable adhesive allows for clean removal from most surfaces, including paper, painted walls, floors, metal, wood, and synthetic material. Unlike other removable products, this will not become permanent over time. Perfect for small-run product labels or wall advertising, our 6 mil wall graphic is a perfect substitute for magnets, providing better return on investment.

- Repositionable

Non stock items may be subject to a supplier minimum order upcharge. Refer to the Price List for product details, packaging information and more. @: Available at the Mill in even cartons.

## GLASSMATE CLEAR AND GLASSMATE WHITE

The companion to 6 mil Wall Graphic, our Glassmate products are designed specifically for use on glass surfaces, indoors or out. Window decals produced using Glassmate remain affixed for as long as required, yet are easily removed without leaving residue. Can be applied wet or dry—the film can even be washed and reapplied without losing adherence. Typically lasts 5 years when applied to interior windows and 1 year when applied to exterior windows.
