

AFTERMARKET INKS

Marabu is a world-leading manufacturer of screen, digital and pad printing inks. The company is headquartered near Stuttgart, Germany – a region renowned for its pioneering technology and engineering prowess. For over sixty years, Marabu has been developing inks that have repeatedly raised the bar for both industrial and graphic applications.

Ariva is pleased to offer Marabu MaraJet wide format printing inks. MaraJet inks feature excellent adhesion on a broad range of substrates, and are the industry benchmark for brilliant large format digital printing. Featuring a broad colour gamut, crisp dot definition and exceptional light fastness – for long-term outdoor use – MaraJet inks also offer outstanding scratch and chemical resistance.

Looking for a cost effective alternative to OEM wide format inks? Look to MaraJet inks from Ariva. Direct replacement inks for wide format printers, users can easily install MaraJet cartridges when current cartridges are empty and continue printing hassle-free – no need for flushing or new colour profiles thanks to MaraJet's perfect colour match. Ink properties are precisely aligned with the requirements of the specific print head during development and the ultra-fine pigment guarantees superior print head function and service life.

INKS - SOLVENT | ECO

If you use Mimaki ES3 - 440ml cartridges, you can use MaraJet DI-LSES as a direct replacement.

PRODUCT SKU	COLOURS

CLEAR SHIELD

Marabu's Clear Shield liquid over-laminate is a water-based liquid coating for enhanced UV protection, providing chemical and abrasion resistance for most non-water sensitive wide format substrates printed with solvent/eco solvent inks.

Clear Shield Classic is perfect for vinyl, polyester and polypropylene banners. It is suitable for vertical applications and can easily be applied with a brush or a roller.
